

# Pawsitive Partners welcomes **John Nys** to Indy

John has been involved in animal training for over 25 years. He began his devotion to training horses from an early age and has won multiple National Championships.

John Nys has been competing in agility on the Local, National and International dog agility stage for over 15 years. During this time he has become one of the most respected competitors and instructors in agility. He is well known for his positive motivation and mental management/coaching with his students and his canine companions.

John has competed successfully with multiple canine partners in the small, medium and large dog divisions. He is an 10 time International World Team Member with 4 different canine partners. He has been a consistent finalist and winner at the AKC National Agility Championships, USDAA World Cynosport Grand Prix/Steeple Chase Championships and the Westminster Masters Agility Championship. These accomplishments have been earned and realized thru the dedication and training of all his canine partners, for which none of this would have been possible without them all. (Casey, Blink, Rush, Trick and Boss)

In his seminars you will discover the positive motivation, mental management and coaching, the same techniques he uses with canine partners. He will share his secrets of success — core training techniques, consistency, persistency, focus and determination and belief in self. As John says he will help you unleash your “Pawsabilities” and get it done together with you.
